Logan, UT 84321

Dear Kelsi:

We are pleased to extend to you a formal acceptance into the Joyce University Bachelor of Science in Nursing – Accelerated BSN program as part of our incoming class of 2025.

The profession of nursing requires extraordinary empathy, compassion, trust, and skill. Accordingly, it is our responsibility as an institution to only accept students who we believe possess these traits and will exemplify our institutional values of excellence, integrity, caring, learning, and service. You should be equally proud of this accomplishment as we are proud to accept you into our community of skilled and successful Joyce University students, alumni, and faculty.

Here are a few important next steps:

- The semester officially starts on **January 8, 2024**.
- We wish to remind you of mandatory new student orientation. Attendance and participation in orientation is a critical part of getting off to a great start in our fast-paced program and failure to attend may result in forfeiting your seat in the program. You will receive electronic notification of the time and date of your orientation prior to your start date of 1/8/2024.

We look forward to counting you among the successful body of students at Joyce University. There is a great demand for qualified nurses, and we are excited to help you achieve your personal and professional goals. If you have any questions or concerns regarding orientation, please reach out to your Admissions consultant directly or to our Admissions department at 801-816-1444.

Congratulations!

A handwritten signature in black ink that reads "Kari Luoma".

Kari Luoma, PhD, RN
Associate Dean of Nursing
